Office, No. 213 South Ninth Street.

Philadelphia, Feb 24<sup>th</sup> 1887.

Hon Daniel M. Fox

Dear Sir,

We take this course of making a proposition to you for the Artificial Stone Pavement & to phack drive-way & roof to be laid in connections with the alteration to be made at U. S. Mint. Philada. As thier is no other means of doing this; We and all other firms in same line of business have been barred from an opportunity of Competing for same by the Architect's Specifications in which he says the work must be done by Vulcanite Paving Co. which if allowed by you cuts all others out. We in making this proposition feel that it should be considered as we are able to do the work, as well as the above named company and are ready to furnish Bond and Reference, and we would suggest that if the builders would give figures of what they allowed for same work & then take ours; the Government would then get the benefit of the Competition. Yours &c American Artf Stone P. Co. Inc J. D. Borge.
